Re: Letter of Support for KULAN's Application to the Stollery Charitable Foundation

To Whom It May Concern,

On behalf of FOCAS Canada, I am pleased to provide this letter of support for the Horn Youth Services Foundation (KULAN) and their youth employment readiness and leadership development program.

FOCAS has worked in close partnership with KULAN since 2021 on initiatives that promote equity, inclusion, and community safety, including programs focused on violence prevention, newcomer support, and community empowerment. Through this collaboration, we have seen firsthand KULAN's commitment to inclusive service delivery and its positive impact within Edmonton's diverse communities.

KULAN's program provides culturally responsive, community-based supports for youth from newcomer and Black communities in Edmonton. We recognize the importance of programs that address barriers youth face in navigating employment systems and leadership opportunities, particularly for those who experience systemic exclusion. KULAN's approach creates safe and supportive spaces where youth can learn, connect with peers, and develop the tools needed to participate more fully in their communities.

We strongly support KULAN's application to the Stollery Charitable Foundation and believe continued funding will help sustain an impactful program that responds to real community needs. We are pleased to endorse this initiative and KULAN's ongoing commitment to youth empowerment and community engagement.

With regards,

Bedri Mohammed
Executive Director, FOCAS Canada
