I am a Vice President of the Sahan Heritage Foundation, a registered non profit society in Calgary. Our group consists of individuals who came together with a common goal of ensuring that our youth and elderly maintain their cultural heritage while fostering positive relations with other Calgarians. We are a community that resides and operates within this city and have identified a need for more outdoor spaces where different generations and cultures can mix and socialize. This is a resident led initiative aimed at sharing the beauty of our heritage with other Calgarians. Our volunteer team has a strong track record of organizing inclusive community events, including a recent cultural night that successfully engaged 237 youth, demonstrating our capacity to plan and execute meaningful, well attended gatherings.

5. The main activities of your project

Our plan is a community picnic that will encourage interaction and discussion. We are inviting professional folk dancers who will perform traditional dances (such as Dhaanto). This is not just a show, they will also conduct a "learn the steps" workshop where everybody in the community, irrespective of their background, can participate. The event includes a BBQ where everybody serves food together. This will provide an opportunity for "neighbor-to-neighbor" type of casual conversations.

Community elders will give talks about the importance of Las Geel heritage in a relaxed environment in the park. And traditional games will encourage kids from the community to play together.

6. The community benefit of your project²

It directly bridges cultural and generational divides in our community. By utilizing an interactive format specifically the "learn the steps" dance workshop and the communal BBQ we are creating natural,

¹ The project **MUST** be led by people of and take place in the Calgary Foundation's region: Calgary, Banff National Park, Canmore, Cochrane, Rocky View County, the Municipal Districts of Big Horn, Foothills, Kananaskis and Wheatland (including towns and hamlets), and the surrounding First Nations of Treaty 7 territory

² Stepping Stones supports projects that help people feel they belong in their neighbourhoods or communities. We look for factors like new leaders from that neighbourhood or community stepping forward, the likelihood of new friendships being made within the project, and a project design that welcomes in a diversity of people from that neighbourhood or community

relaxed opportunities for neighbors. To ensure this event reaches beyond our immediate network and truly welcomes a diversity of neighbors, we are actively advertising the picnic to the broader community through our established, public social media channels

7. How did you hear about Stepping Stones?

Last year one of the attendees had social working experience and they told our committee to apply for this program as it helps newly formed societies.
